**Subject:** I oppose Bill 75

I am a parent to three children currently enrolled in public schools in Nova Scotia and I am writing this to declare that I am opposed to a bill that would force teachers back to work and I will not vote for any MLA who votes in favour of such a bill. MLA's be warned - your voters are all watching you carefully, so if you value your seat, remember that WE are the ones who let you sit in it.

Kind Regards,
