This is a totally misleading presentation of the Bill. Nova Scotia and the planet need biodiversity protection. there is NOTHING in the Bill that is not already contained in other Acts permitting citizens of NS to protect all land. All of us who own land, no matter how small or large, are subject to governmental control. That is why we have an elected government to protect the rights of all against anyone of us. We all need a viable future for our children and grandchildren. WAKE UP folks.
