Dear MLA's

I am writing to let you know that I am very concerned about Bill 4. I own acres in County. I use my land now for almost 20. I have plans to use it for 100 years in the future. Nobody cares more about my land than I do. If Bill 4 passes, I am worried that government will try to tell me what I can or cannot do with my own land. My family has owned for 20 years, we pay our taxes and take care of our land.

As my MLA, I want you to know that I don't want government telling me what I can and can not do with my land. I don't want activists on my property looking for certain plants and animals, declaring they must be protected and shutting down activity. I let my neighbours on my property to enjoy themselves on trails or in the woods. Bill 4 will force me to limit all access on my land so that I don't risk having activists finding a reason to shut it down.

This Act is not voluntary – there are triggers in the Act that will allow a Minister, under pressure from activists, to issue an order limiting what I can and can't do on my land.

*Bill 4 threatens the peaceful enjoyment of my land and must not become law.
Thank you,*

Regards
Rebecca Ernst
