Dear Premier Houston,

I was aggrieved to read on CBC's website that your government is moving to permit the firing of the Auditor General without cause.

Your claim that this would "bring things in line with the way it is across the country" is certainly not true. It would, however, align Nova Scotia with Alberta, which is not particularly good company in my opinion.

Please don't let what's happening south of the border embolden your party to weaken society's safeguards. You earned a resounding victory in the last election; please use it wisely and well.

Thank you for your attention,

Janet Lord
