The Province should as a funder have a seat on the Board of Governors however only one seat necessary. The Federal Government should have a seat also that comes with a contribution that supports the research component of the operation budget.

The 2 seats can provide the required channels for Government oversight and still allow the Universities the required independence of true academic integrity. The Universities will respond to market/economic conditions and Politicians should pay more respect and trust the people appointed to their boards and Executive Teams

Regards

JDMacIsaac
