I am writing to express my concerns to be added to Monday's Public Bills Committee.

I am staunchly opposed to the legislation that will unilaterally lift fracking and uranium mining bans with no consultation, undermine the Privacy Commissioner's Office, allow the minister to dictate what can be taught and funded at universities, allow non-unionized public servants to be fired without cause, and more.

Tim Houston's government was elected to work on the pressing needs of Nova Scotians, not the secret agenda he is ramming through the Legislature.
