Dear Ms. Jahn:

Re: Meeting of the Standing Committee on Community Services – November 2, 2010 - Housing

The members of the Standing Committee on Community Services would like to thank you and Mr. Wanzel for attending the meeting on November 2nd, 2010.

You will recall that a question was asked by a committee member for which the information was not readily available, however, it was indicated that the information could be provided. The following is the information requested:

“Do you have any kind of figures about the percentage of housing which meets the definition of affordable and how that has changed over the - well, maybe if we just choose amalgamation, for instance, and the blanket zoning as a measure date, has that broader zoning had any impact?”
(Hansard page 33/34)

I have enclosed a copy of the meeting transcript, for your information. As well, the electronic version can be found at

If you have any questions or concerns, please do not hesitate to contact me.
