Services for Persons with Disabilities

Standing Committee on Community Services

May 4, 2010

SPD Overview

- Services and support to children, youth and adults with disabilities
- Approximately 5000 clients are being served
- Three populations:
 - 1)Intellectual Disability
 - 2)Long Term Mental Illness
 - 3) Physical Disability

SPD Commitment

Services that offer, promote and foster independence and inclusion in the community, wherever possible

SPD History

- Homes for Special Care Act and Social Assistance Act
- Voluntary program needs and income tested
- Facility based program that was expanded to include community options
- Municipally delivered, provincially regulated, until 1996

SPD Continuum of Support

Options range from least intrusive to full 24 hour support

*Adult Service Centres and Adult Day Programs are necessary to maintain this existing continuum

Range of Services

- Support to Families
- Community Based Support
- Homes for Special Care
- Adult Day Programs

Types of Community Based Support

- Direct Family Support
- Independent Living Support
- Alternative Family Support
- Small Option Homes
- Adult Service Centres

Direct Family Support (DFS)

Respite Support

 Provides funding to enable families to purchase respite services in order to assist families to care for a family member with a disability at home

Special Needs

 Financial assistance to purchase approved items of special requirement

Independent Living Support (ILS)

Provides up to 21 hours a week of supports & services to persons with disabilities who are semi-independent & require minimum support in their own apartment or home.

Alternative Family Support (AFS)

Support and supervision provided for up to two individuals in an approved, private family home.

Small Option Homes

Staffed residential settings for up to three individuals who require assistance in many aspects of daily living.

Adult Service Centres

- Adult Service Centres provide:
 - employment
 - skills training
 - day programs for 1950 individuals in 30 centres across Nova Scotia

Homes for Special Care

- Special care facilities licensed under the Home for Special Care Act.
- Admission to a home for special care is contingent on the applicant's approved level of support.

Types of Homes for Special Care

- Developmental Residences
- Group Homes
- Residential Care Facilities
- Adult Residential Centres
- Regional Rehabilitation Centres

<u>Developmental Residences</u>

Provide support for persons with Intellectual disabilities who require:

 enhanced to specialized support supervision and skill enhancement; some individuals have behavioural challenges

Group Homes

Provide support for persons with disabilities who require:

 minimal to moderate support and supervision to develop potential and to enhance skill development

Residential Care Facilities

Provide support to persons with disabilities who require:

 minimal support and supervision to enhance or maintain skills, and are independent in their personal care or who have limited personal care needs

Adult Residential Centres

Provide support to persons with disabilities who require:

 enhanced to total ongoing support, supervision and skill development

Regional Rehabilitation Centres

Provide rehabilitation and developmental support to persons with disabilities who require:

 ongoing support, assistance, skill development and behavioural intervention, some of which is at the specialized level

Accessing Services

- Applications to the SPD Program are accepted in Regional Offices from individuals or person authorized to act on their behalf.
- Information provided by SPD Staff:
 - Financial eligibility requirements
 - Functional eligibility, assessment, medical and consent requirements, and
 - Description of services and the status of wait list(s)

inclusion • equal opportunity • recognition

Presentation to Standing Committee on Community Services

May 4, 2010

Disabled Persons Commission

established in 1989

governed by the Disabled Persons Act.

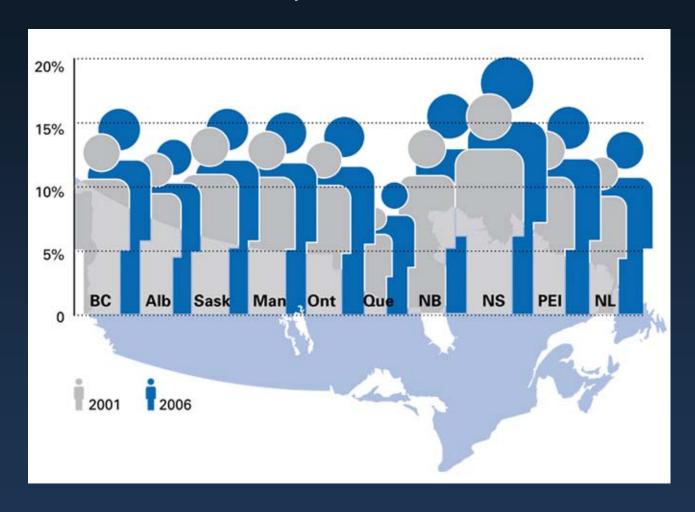

Disabled Persons Act

- **Provide** an opportunity for persons with disabilities to have a role in the development of government policies and programs that affect persons with disabilities.
- Provide a central place for the concerns of persons with disabilities to be shared and passed on to the appropriate provincial government department.
- Provide an opportunity for provincial government departments to make the disability community aware of policies, programs and services that they are developing for persons with disabilities.

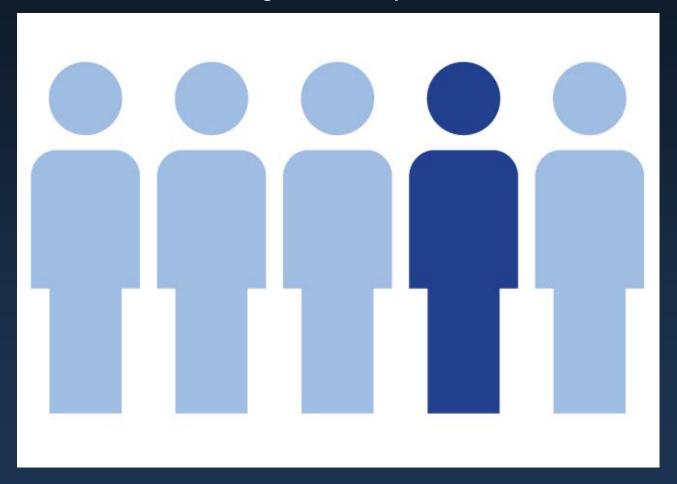

Prevalence of Disability in Canada and the Provinces

One in five Nova Scotians identifies themselves as having a disability

Source: Statistics Canada, PALS 2001, 2006

Disabled Persons Commission

• 12 members

7 disability community representatives

5 departmental representatives

Composition of the Commission

- Community members: Yarmouth, Wolfville, Halifax, Truro, Pictou, and Sydney
- Government reps: Community Services, Education, Health, Labour and Workforce Development and Service Nova Scotia and Municipal Relations.

Coordinating Committee of Ministers

Meet twice a year

Advise 5 ministers on issues

 Ministers educate the Commission on programs and services

Vision

 Our vision is to be a leader in the areas of education and awareness, accessibility, research and policy analysis, and the employability of Nova Scotians with disabilities.

Mission

 Our mission is to support the social and economic inclusion of Nova Scotians with disabilities

Our Values

- The inclusion of people with disabilities as active decision makers at all levels of government and in the corporate and voluntary sectors;
- equal opportunity and universal access to the physical environment, services, and information for people with disabilities and:
- the **recognition** that people with disabilities make valuable contributions to a healthy, diverse society

5 Priority Areas

- 1. Administrative Capacity
- 2. Information, Education and Awareness
- 3. Building and Dwelling Accessibility
- 4. Research, Policy Analysis and Partnership related to disability supports
- 5. Employability of persons with disabilities.

Administrative Capacity

 To improve upon our administrative capacity by continuing to find ways to increase the number of staff who work at the Commission.

Information, Awareness, Education

Increase the visibility of the Disabled Persons Commission and make the disability community, government and the general public, better aware of the issues, programs and services available to and concerning persons with disabilities.

Building and Dwelling Accessibility

Ensure that persons with disabilities have access to provincial government buildings and Nova Scotia becomes more accessible to residents and visitors.

Research, Policy Analysis and Partnership – Disability Supports

 Continue to be an active participant in research, policy analysis and partnership development to ensure that persons with disabilities have adequate levels of support to fully participate in their communities.

Employability of Persons with Disabilities

 Promote a continuum of employment opportunities for persons with disabilities that include paid employment, supported employment and volunteering

- ☐ Recognizing, funding and using expertise in our sector

What are clients and families saying?

"I really notice the little things that make all the difference. I visit quite often to see my wife at KRRC. She has received great care but is more than care. Everyday the staff show they care about her in so many ways."
